

“This Is Who We Are”

Joining Scotland and Canada in photographic conversations

Use your camera and tell us the story of where you live. Whoever you are, wherever you are, you have a story to tell and people in Scotland want to know about you and your community. Your town may have the same name as a town in Scotland (Calgary, Banff or Airdrie) and we invite you send us images about your community.

Even if your town doesn't have the same name as a town in Scotland we challenge you to find Scotland in your own community.

As part of Homecoming Scotland 2009* celebrations we will tour an exhibition of the best images from Canada and Scotland and add a new dimension to the historic ties between our two countries. Subjects can include portraits, landscape, architecture, events, social occasions – anything that describes where you live.

Send your images to: graeme@culturalconnectscotland.com

If you require further information or would like to upload images directly to the gallery contact

Alternatively if you wish to contribute a large volume of images please load on a CD and send to Cultural Connect Scotland, 58 The Causeway, Edinburgh EH15 3PZ
